# FEATURES

---

- **Integrated:**

Adjustable pressure relief valve

Adjustable back pressure valve

Pressure gauge with isolator

Bleed Valve

- **Standard design that fits all your essential needs**
- **Extensive reliability and durability**
- **No threaded or glued connections**
- **Extremely compact design resulting in minimal footprint**
- **No specific tools required**
- **Mounting bracket and hoses included**
- **Compatible with the widest range of chemicals**
- **Lockout option available**
- **Hydrostatic testing included on every module**
- **Warranty offered on our DICE™ products**

## Patent Pending

The DICE™ Dosing Module integrates all the necessary discharge components required for a typical chemical dosing system. The block type design allows for a rigid, compact and reliable product. The significantly reduced number of connections is a major benefit as it greatly decreases the leakage potential. The module allows for better precision and protection in the dosing system. It also features great quality due to its machined fabrication.

The Dosing Module overcomes the many fundamental problems of the current piping system design such as: poor quality of the piping connections, many potential leakage points, excessive vibration caused by the pump pulsation (which leads to mechanical fatigue on connections and components) and the unjustified large footprint required.

## P&ID

## TECHNICAL INFORMATION

We offer a variety of wetted parts materials to suit your application needs.

Acrylic, PVC, CPVC and PVDF

<b>Sizes</b>	1/4"
<b>Connections</b>	Hose
<b>Body Material*</b>	Clear Acrylic (PMMA), PVC, PVDF
<b>Component Material*</b>	PVC, CPVC, PVDF
<b>Diaphragm Material*</b>	VITON, EPDM
<b>Seal Material*</b>	VITON, EPDM
<b>Pressure Relief Valve Adjustment Range</b>	0 to 150 psi 0 to 250 psi
<b>Back Pressure Valve Adjustment Range</b>	
<b>Pressure Gauge</b>	

\*Other material can be supplied on request.

We always have spare parts in stock

## DIMENSIONS

## TYPICAL INSTALLATION

DIMENSIONS mm (in)				
Size		A	B	C
